- Discover the most current expert perspective on the evidence related to the treatment of neck pain
- Update on Auto Insurance Legislation

This conference will address the following:

1. What is the Risk of VBA Stroke in Chiropractic Practice
2. Informed Consent – what are the implications?
3. Epidemiology & Risk Factors for Neck Pain
4. Methodology of Neck Pain Task Force (NPTF)
5. Diagnosis, Classification and Treatment of Neck Pain
6. Identifying the Optimal Non-surgical Treatment for Neck Pain: A Decision Analysis
7. [Financial Services Commission of Ontario](#) Update

There will also be breakout sessions and a panel discussion to discuss what the state of the current evidence is and what research still needs to determine.

- Is manipulation effective and appropriate?
- How useful are these findings to your clinical practice?
- Will this change your practice?
- What questions still remain unanswered?
- What risks have been identified
- Why informed consent?
- What are the strongest prognostic factors for neck pain?
- Why do workers with neck pain still report neck pain 1 year later?
- What are the best non-surgical treatments for neck pain?
- What's next?

Presented by Division of Continuing Education and Canadian Society of Chiropractic Evaluators
